

Family Census Record

Please complete requested information and return to
Community Services, 3301 Silver Lake Road, St. Anthony, Mn 55418

You can help School District 282 plan for the educational future of your children.

School District 282 is required by Minnesota state law to maintain accurate, up-to-date census records of all residents, including children not yet in school. This data is used by the School District for enrollment projections and to remind parents to schedule an Early Childhood Screening for their child. Early Childhood Screening is recommended before a child's fourth birthday and is required for kindergarten entrance at a Minnesota public school. *The information you provide will be used only for these purposes.*
