Medical exemption: No student is required to receive an immunization if they have a medical contraindication or laboratory evidence of immunity. To receive a medical exemption, a physician must sign the following statement:

Enter the MONTH, DAY, and YEAR for all vaccines the pupil received. DO NOT USE (✓) or (x). Vaccines/doses in shaded boxes are recommended but not required by law.

I certify that immunization is contraindicated for medical reasons or that laboratory confirmation of adequate immunity exists for the following immunizations:

Type of Vaccine	1st Dose Mo/Day/Yr	2nd Dose Mo/Day/Yr	3rd Dose Mo/Day/Yr	4th Dose Mo/Day/Yr	5th Dose Mo/Day/Yr

** Varicella vaccine will be required starting fall 2004.

*** PCV and Hib vaccines are recommended only for children through age 4 years.

Note for school personnel: Be sure to initial and date any new information that you add to this form after the parent/guardian submits it. Also, record combination vaccines (e.g., DTaP+Hib, Hib+HBV) in each applicable space.

Additional exemptions

- **Children less than 7 years of age:** The 5th dose of DTaP/DTP/DT (similarly, the 4th dose of polio vaccine) is not necessary if the 4th DTaP/DTP/DT (3rd dose of polio) was administered after the 4th birthday.
- **Children 7 years of age and older:** A history of 3 doses of DTaP/DTP/DTTd and 3 doses of polio vaccine meets the minimum requirements of the law.
- **Students in grades 7-12:** A Td booster at age 11 years or later is not required for students in grades 7-12 whose most recent Td was given after their 7th birthday but before their 11th birthday. Instead, it will be required 10 years after the date of the most recent dose. Enforcement of the Td booster requirement will be reinstated in the fall of 2004 for all 7th-12th graders.
- **Students 11-15 years of age:** A 3rd dose of hepatitis B vaccine is not required for those students who provide documentation of the alternative 2-dose schedule.
- **Students 7 years of age or older:** Do not need pertussis vaccine.
- **Students 18 years of age or older:** Do not need polio vaccine.
